NASA SEWP VI Ordering Guide

CATEGORY A AND CATEGORY C

This guide provides ordering and support information for Analyticx LLC's NASA SEWP VI Category A and Category C contracts. It is intended for Federal agencies and other authorized SEWP customers.

01 / ABOUT SEWP VI

About SEWP VI

NASA's Solutions for Enterprise-Wide Procurement (SEWP) is a Government-Wide Acquisition Contract for information and communications technology and audiovisual products, solutions, and services.

02 / ANALYTICX ON SEWP VI

Analyticx on SEWP VI

Analyticx LLC is a small business federal contractor providing information technology, audiovisual, communications, and mission support solutions to federal agencies. As a NASA SEWP VI contract holder in Categories A and C, Analyticx offers eligible technology products, solutions, and services to authorized Government customers.

NOT SURE WHICH CONTRACT APPLIES TO YOUR REQUIREMENT?

Contact the Analyticx SEWP team:

Sanjay Rupani	Deputy Program Manager	(301) 602-1804	srupani@analyticx.com
Julie LoCascio	Program Manager	(203) 858-1328	jlocascio@analyticx.com

03 / HOW TO ORDER THROUGH SEWP

How to order through SEWP

01 Tell Analyticx what you need.

Contact our SEWP team with your IT, communications, A/V, product, or mission-based services requirement. We can help identify the appropriate Analyticx SEWP VI contract and determine the best path forward.

02 Request a SEWP quote.

Quotes can be requested directly from Analyticx or through NASA's SEWP Marketplace and Quote Request Tool (QRT). The QRT is the recommended method for requesting quotes for hardware, software, and services. The Marketplace can also be used for market research and to explore available SEWP solutions.

03 Complete your agency's procurement process.

Follow your agency's normal procurement procedures and applicable Fair Opportunity requirements. SEWP provides a streamlined acquisition vehicle for obtaining ITC/AV products, solutions, and services.

04 Issue the order.

Your agency's Contracting or Ordering Officer issues the Delivery Order. The SEWP Program Management Office processes and tracks the order and forwards it to Analyticx for fulfillment.

SALES AND QUOTE SUPPORT

Fair Opportunity

In accordance with FAR 16.505(b), ordering contracting officers must provide eligible SEWP contract holders a fair opportunity to be considered for orders exceeding the applicable micro-purchase threshold, unless an authorized exception applies. Ordering agencies are responsible for complying with applicable fair opportunity procedures, documenting any authorized exceptions, and maintaining the required acquisition records. Supporting documentation for the order selection is maintained by the issuing procurement office and is not required to accompany the order submitted to the SEWP Program Management Office.

FAR 16.505: https://www.acquisition.gov/far/16.505

SEWP Fee: The standard NASA SEWP fee (currently 0.34%) applies to orders placed through SEWP VI.

04 / POST-DELIVERY SUPPORT

Post-delivery support

Support terms depend on the products or services ordered and the applicable manufacturer, OEM, publisher, or service terms included in the quote and order.

Installation

Installation or implementation support is provided when included in the applicable quote or order.

Basic warranty

Manufacturer or OEM warranty terms apply to covered products as specified in the quote or order.

Extended warranty and maintenance

Available when offered for the applicable product or solution and included in the quote or order.

Technical and software support

Analyticx coordinates the applicable manufacturer, OEM, publisher, or Analyticx support based on the ordered solution.

POST-DELIVERY TECHNICAL AND SOFTWARE SUPPORT

Julie LoCascio, Program Manager
(203) 858-1328
jlocascio@analyticx.com

To request post-delivery support, contact Julie LoCascio and identify the applicable Delivery Order number, the affected product or service, and a description of the issue. Analyticx will coordinate with the appropriate manufacturer, OEM, software publisher, or support resource.

05 / PROBLEMATIC ORDERS

Problematic orders

For an order issue, contact Analyticx with the Delivery Order number, agency/customer information, affected product or service, and a description of the issue. Include relevant delivery, serial number, licensing, or support information when applicable. Analyticx will review the issue and coordinate with the appropriate support resource. Analyticx will provide status updates to the customer until the issue is resolved.
